## Steak & Chimichurri Rolls

1. Preheat the grill. Place all Chimichurri Sauce ingredients in a food processor and pulse until well chopped, do not purée.
2. Place meat directly over the hot grill, base with Chimichurri Sauce until the outer portion of meat reaches the desired doneness.
3. Once done, remove steak from grill. Let it rest for 20 minutes and thinly slice.
4. Cut your Brioche Roll in half, and layer the cooked steak on one side, pair it with rocket if desired.
5. Spoon Chimichurri Sauce over the steak and enjoy!
