## *The Classic Hot Dog*

1. Heat hot dogs over medium (or indirect) heat on grill, turning occasionally. Cook until fully heated internally and there is a nice, even char on all sides, being careful not to burn them.
2. Once hot dogs are fully heated, remove from heat and set aside, drying them off if necessary.
3. Cut the Brioche rolls lengthways and place on the grill to brown them up slightly.
4. Create your hot dog using your favourite condiments such as Ketchup, Mustard, Mayo, Relish or Salsa.
